

Does the temporary permit applicant want this F-2 permit to be issued jointly with a Class D permit holder?

YES NO

If YES, indicate the permit holder name _____ and permit # _____
Go to com.ohio.gov/findapermitholder. You MUST also complete and submit the Memorandum of Understanding Between Temporary Permit Holder and Retail Permit Holder (LIQ 17-0007) included in this application packet.

Understand that if the F-2 permit is issued jointly with a Class D permit holder, the F-2 permit holder MUST purchase its alcohol at wholesale either from a licensed manufacturer, distributor, or OHLQ agency location as described below. The F-2 permit holder CANNOT buy or receive its alcoholic beverages from the retail permit holder to either give or resell to its attendees.

5. * You **MUST** purchase your beer and intoxicating liquor at wholesale from an Ohio licensed manufacturer, distributor, or contract agency OHLQ store. Provide the name, permit number, and address from whom you will purchase the alcohol for your event (go to com.ohio.gov/findapermitholder to find Ohio permit holders and agency locations)

6. * Will this event require street, alley, or public sidewalk closures?

YES – Submit the included Street Closure Acknowledgement Form (LIQ 17-0006) with this application packet.

NO

7. * Does the applicant, as listed in Section B, own the real estate on which the temporary event will be located (i.e., the owner name listed on the county auditor website exactly matches the applicant name listed in Section B of this application)?

YES

NO – Submit the included Tenancy Notification Form (LIQ 17-0003) with this application packet.

8. * Is the event location identified in Section B above located within a Designated Outdoor Refreshment Area (DORA)? Not sure what a DORA is or if your location is within an existing DORA's boundaries, go to www.com.ohio.gov/dora.

YES – What is the name of the DORA? _____

NO

9. * The F-2 permit is subject to Ohio's wet/dry laws (go to www.com.ohio.gov/wetordry for more information). Specifically, your event location **MUST** be wet for both beer **AND** wine and mixed beverages. We have a select list of known cities or townships that we know are completely dry. Go to www.com.ohio.gov/getinline for more information. If your location's wet/dry status is not known, then we will need to contact your county board of elections upon application to get information from them that will help us determine if your location is wet or dry. This takes time so applying at least 30 days prior to your event is strongly encouraged.

If your location is determined to be DRY, what do you want us to do with this application?

Cancel it and refund any fees on file.

Consider whether the applicant would qualify for an F (beer only) permit. *F permits are NOT subject to Ohio's wet/dry laws.
